

December Moneyball Foursome Tournament

The 2026 MGA Season is off to a great start with this past weekend's well-attended Moneyball Tournament. Very cool conditions early Saturday (Dec 13) gave way to a spectacular late fall morning with 64 golfers across 16 teams competing for cash, club credit and bragging rights.

The end of the round found the winning foursome of Tom Nicholson, John Roesgen, Mike Hennessy and David Jones at -9, a two shot victory. The top four teams were in the money (complete list attached).

The "Moneyball" format is a true team event, not limited only to the best scores on every hole; golfers at every skill level contributed to the overall team score. Players across the spectrum were exposed to a little taste of tournament pressure and the accompanying adrenaline! Given the popularity of Saturday's event, look for a repeat late in 2026.

The GCAI staff met the moment and the day, with the course in great shape following a challenging stretch of weather, and the food and beverage team providing a terrific and hearty lunch to our formidable group.
