

March 2026 – 3 Man Shamble

Saturday's MGA March event featured an impressive field of 72, showcasing — like another golf tournament taking place an hour down the road at Sawgrass — the broad range of our group's varied talents. At the end of the morning round we had two threesomes tied at the top: Frank Jahn, Keith Boylan and Bill Pantesco were joined by Vince Tallent, Tim Sheehy and Jim Casey at -14.

The "Shamble" proved to be a popular and very playable and team-building format, and for those that missed it please give it a close look next time. While it requires contributions from everyone on each team, the pace of play is impressive and the group beat lunch to the clubhouse. That's a feat we should all be proud to repeat! Keep an eye on your inbox for the next MGA event in April, thanks as always to Dan and team for putting it all together.

Another note of thanks to Stephen and the grounds crew as the last vestiges of The Amelia are carted away. The course is in great shape following the car show's heavy stages and, well, many cars scattered across a few holes. It's a big undertaking to bounce back and the effort shows.

Complete scoring is at the bottom of this document.
